

ONE DEAD, 2 HURT IN SUNDAY FIGHTS

Negroes in and Around
Tulsa Stage 3 Affrays;
Deacon Cuts Brother.

JENKS BLACK KILLED

Take 100 Stitches in Tom
Hoffer After Robert Far-
ris Gets Through.

One negro is dead and two others seriously injured as the result of difficulties at Tulsa Mohawk and Jenks Sunday.

Ed Neely, negro deacon in the First Baptist church on East Archer, shot Walter McGee about 10:30 o'clock Sunday night following the evening service when an argument arose over the taking up of the collection. Neely is held in the county jail while McGee is in a serious condition with a bullet hole in his stomach.

Is Found Dead.

George Ryan, a negro living at Jenks, was found dead early yesterday morning with a bullet in his brain. He had been killed just outside the home of Albert Johnson where he had been rooming. The Johnsons heard a shot some time during the night but did not take the trouble to investigate. Ryan's head was blown nearly off by his assailant.

An inquest was held yesterday afternoon and was attended by Deputy Sheriff R. R. Reynolds and County Coroner Lee Daniel. No clue has been found as to the whereabouts of the murderer.

Robert Farries, negro, was arrested by Deputy Sheriff Bewley early Sunday morning after he is alleged to have attacked Tom Hoffer, a negro, with a knife. Hoffer sustained three deep cuts. One long one across his stomach required one hundred stitches to close.

When arrested yesterday before Justice Lee Daniel Farries pleaded not guilty and his bond was fixed at \$2,500. He could not furnish it and was remanded to jail to await preliminary hearing.

ALL SERENE AFTER NEW YORK STRIKE

After Conference of Trolley Heads,
Traffic Is Resumed on All
Roads.

NEW YORK, Aug. 8.—After conference late today between a committee of four representing the New York Railway company and officials of the union, it was announced by Theodore Roscoe, secretary to the mayor, that the tentative agreement submitted for the settlement of the strike had been accepted by both sides.

Earlier in the day the directors of the New York Railway company considered the result of the negotiations, but adjourned without ratifying it.

"The strike has been won. Practically every demand we have made has been granted," was the statement with which William D. Mahon, president of the Amalgamated Association of Street and Electric Railway Employees, greeted more than 1,500 strikers assembled here tonight to hear the result of the negotiations. The demonstrations following this statement continued five minutes.

"We started out for the recognition of the organization," he continued, "and we have won it. That was a signal victory. We started out also for the proposition of having the company deal with its men in their disputes without prejudice and we have won that."

CHILD LABOR BILL IN MIDST OF FIGHT

Democrat and Republican Senator
Launch Attacks Together
on Measure.

WASHINGTON, Aug. 8.—Senator Overman, Democrat, and Works, Republican, attacked the administration child labor bill with constitutional arguments in the senate today, the former insisting that if it were upheld nothing would be left of states rights, and the latter declaring it step directly toward despotic centralization of power.

The bill was defended by Senators Pomeroy, Hastings and Vandaman, Democrats. William D. Mahon, president of the Amalgamated Association of Street and Electric Railway Employees, greeted more than 1,500 strikers assembled here tonight to hear the result of the negotiations. The demonstrations following this statement continued five minutes.

"We started out for the recognition of the organization," he continued, "and we have won it. That was a signal victory. We started out also for the proposition of having the company deal with its men in their disputes without prejudice and we have won that."

HARTMAN IS REPENTANT NOW.

"If I had Only Taken My Mother's
Advice," the Moonshiner Says.

FORT SMITH, Ark., Aug. 8.—"If I had only taken the advice of my dear mother when I was a boy, instead of seeking riches by the get-rich-quick route, I would not be here today pleading for mercy at the hands of justice, and that gray haired mother back in the mountains of North Carolina and my heartbroken 'dad' would not be bowing their heads in shame," Guy Hartman, moonshiner de luxe, in the United States jail, said today.

Hartman was brought here yesterday from New Mexico, where he was apprehended two weeks ago after spending nearly a year in old Mexico to escape from moonshine frauds practiced here. A forfeited bond of \$20,000 at Kansas City is but one of the many chapters in his case.

A Gossip.
"Why does a politician wear a string tie?"
"To string his constituents."

MRS. CORNELIUS VANDERBILT

Mrs. Cornelius Vanderbilt, leader in the work of helping gardeners' families, talking to a wife who will be saved from want by the Active Service auxiliary. Mrs. Cornelius Vanderbilt, in her supervision of the ticket selling for the national gardeners' field day benefit, is going to have 150 showgirls working for the project. They come from three Broadway theaters. Those in charge of the benefit, which is to be held at the Sheephead Bay speedway next Saturday, hope to raise \$50,000 in five days for the relief of the thousands of women and children whose kin are at the border. The campaign began yesterday. Ticket agencies were opened in many stores, and Mrs. Vanderbilt began organizing a corps of well known women to assist the showgirls.

ALL VILLAIN HEAT IS PURSUED BY G. RAIN

Ominous clouds and a miniature heat off-stature met night last night and with majestic panorama made it evident that rain, a thorough, cooling, drenching rain, was the next headline on the bill. Up to 3 o'clock this morning the sun had not been seen but the setting was noticeable, the stage still being cleared for action. Rain was not in view.

True, it was that heralds in the form of slight showers appeared from out the darkened wings. True, it was that the thermometer "drop" was lowered to an appropriate degree. But that long looked-for down-pour failed to materialize.

All of which is included in the weather report which says "traces of rain."

MAKE KNOWN G. O. P. JUSTICE NOMINEES

Severance, Robitaille and Rowell Lead
Right to Race With Deano
Brothers.

Lewis F. Severance, E. Robitaille and D. G. Rowell are the Republican nominees for justice of the peace. The first official count of the election board showed three candidates tied, but a canvass of the vote showed that an error had been made in tabulating Severance's vote on an adding machine and gave him a place on the ticket.

The official count announced yesterday by the election board is as follows:
Lewis F. Severance 333, Tom Gitten 329, M. A. Guesse 325, P. M. Maroney 314, D. G. Rowell 335, E. Robitaille 333, L. H. Speers 259.

M. A. Guesse has filed a petition with the election board in protest of the recount of the vote in precinct 10 and it will be granted.

NITRO IN POCKET: WHERE IS THE MAN?

Stranger in Kansas City Is Blown to
Pieces in a Crowded City
Park.

KANSAS CITY, Aug. 8.—An unidentified man was blown to pieces here this afternoon in a crowded city park when a dynamite or nitroglycerin believed to have been concealed in his pocket exploded. Police authorities declared they were unable to tell how the explosive might have been set off and are investigating.

Parts of the man's body were blown fifty yards. Forty or fifty persons within a short radius of the man were uninjured.

"CRANK" BILLS UP IN GEORGIA. The "Gentleman From Murray" Would Bar Matching for Drinks.

ATLANTA, Ga., Aug. 8.—The Georgia legislature now in session has taken up more than the usual number of "crank" bills this session. The gentleman from Murray county, realizing the horror of "matching for the drinks" (soft drinks, of course, in Georgia), introduced a bill making such practice a misdemeanor. The ban includes shooting "heads or tails" when drinks are not at stake.

In the debate in the senate over a bill to permit women to practice law in Georgia, an advocate read a poem, which promptly brought forth a resolute prohibiting the "reading of poetry into the record."

Racer Is Killed.

SAN ANTONIO, Texas, Aug. 7.—James Gerrigan, one time racing partner of Tobin De Hymel, was killed just outside the city this afternoon while speeding his automobile at a terrific rate up a hill to have his picture taken in action.

Gerrigan, with A. S. Graham, a friend, and C. O. Lee, a photographer, proceeded to a point on the south loop, near the San Jose mission that Gerrigan had been investigating. Lee and Lee, the latter with his camera set, waited over the brow of the hill while Gerrigan speeded up on the other side. In their position they could not witness the approach of the driver until he reached the top of the eminence.

Time passed and Gerrigan did not appear. Graham and Lee investigated. They found his machine overturned beside the road, half way up the incline. Gerrigan was pinned beneath it dead.

No cause for the accident is known. The car belonged to Graham.

WILSON EAGER TO MOUNT THE STUMP

President Will Begin Campaign
Whether Congress Has Adjourned
or Not.

WASHINGTON, Aug. 8.—A decision to launch the Democratic national campaign soon after September 1, regardless of whether congress still is in session, was reached at a conference today of President Wilson, Vance C. McCormick, chairman of the Democratic national committee, and Homer S. Cummings, the committee's vice-chairman.

While no date was set for the notification ceremonies, Chairman McCormick said tonight that if congress remained in session after September 1, the notification might take place before adjournment.

Invitations sent to the president to speak at various parts of the country were considered at the conference today. Mr. Wilson will make no definite engagements, however, until a date for the adjournment of congress is agreed on. He has made a tentative engagement to visit St. Louis September 19, 20 or 21 to address an organization of underwriters.

Chairman McCormick said the Democratic campaign would be in full swing by September 15. It was definitely determined that the president would not speak in Maine, where the election comes September 11. William J. Bryan, Mr. Cummings said, will make many speeches after the Maine election. His itinerary has not been arranged.

An active campaign will be carried on by the Democrats after September 1, this year over before, the two leaders said. No states will be conceded to the Republicans, they declared. The Democratic organization in Republican strongholds will be strengthened with the idea of putting up a fight all along the line.

Plans for winning the women voters will be pushed actively, according to Mr. McCormick. A women's bureau at the New York headquarters will be organized in the near future.

CARRANZA TO HOLD SWAY UNTIL VOTING

First Chief Will Then Run, May Hand
Over Reins of Government
to Another.

MEXICO CITY, Aug. 7.—Foreign Minister Aguilar tonight indicated that General Carranza would remain in charge of the executive power of the republic until after elections are held and he is able to hand over the reins of government to a legally elected president. The minister added that General Carranza would run for president if public opinion demanded. He pointed out, however, that any positive action in this matter would be taken in the distant future, as it was necessary first to hold municipal elections and then elections for congress and that a complete state of peace must exist before a presidential election could be held.

General Aguilar expressed the belief that General Carranza would not call Gen. Pablo Gonzales to the cabinet at this time, but that General Gonzales would return to the state of Morelos to finish the campaign against the followers of Zapata.

GULF LOSES THREE TANKS IN STORM

Lightning Destroys 112,500 Barrels of
Crude Oil Amounting
\$100,000.

BEAUMONT, Texas, Aug. 8.—Lightning struck three tanks containing 112,500 barrels of crude oil belonging to the Gulf Pipeline company at El Vista near here late today. About half the oil will be saved by pumping from the bottom. The total loss will be about \$100,000. There seems to be no danger of the fire spreading.

Divide on China.
WASHINGTON, Aug. 8.—Organization of an unofficial group of senators and representatives to keep congress informed of Chinese affairs, similar to other "China groups" formed in European parliaments, was announced today. An invitation to join such a group, signed by Senators Curtis and Cooper, McKinley, Snyder and Austin, was sent to a number of members of congress. The first meeting will be held tomorrow.

The China group has as its objective the assurance of friendly relations between China and foreign parliaments, the maintenance of equitable opinion, the interchange of legislative ideas and the promotion of international understanding.

SURFACE STRIKE COMES TO AN END

Directors, After Being
Deadlocked for 12 Hours,
Vote for Settlement.

NEW YORK, Aug. 8.—The strike on the surface railway lines here came to an end tonight. Directors of the New York Railway company and the Third Avenue Railway company, the two principal lines affected, voted after being deadlocked for 12 hours to accept a plan of settlement proposed by Mayor Mitchell and Oscar S. Straus, chairman of the public service commission, after representatives of the strikers had agreed to it. It then was announced that normal service would be resumed tomorrow morning on the lines which ratified the agreement.

One of the chief concessions in the settlement gives to the employees the right to organize, which was the issue the strike leaders said they were determined should be fought to the end. The companies agreed to treat with grievance committees of their employees irrespective of the fact that they may belong to a union. Wage demands will be arbitrated, the provision being made that negotiations must not begin later than August 20. Officials of the Second Avenue railroad, the Richmond Light & Power Co., and the New York & Queens County company were invited by Mayor Mitchell to meet with him and Oscar Straus tomorrow morning to consider measures to end the strike on those lines. Although the agreement reached tonight concedes the right of the employees to organize, the union is not recognized by the company.

CRY OF STARVING ARMENIANS IS HEARD

Details of Desperate Condition of De-
ported Armenians Made
Public.

BOSTON, Aug. 8.—Details of a desperate condition of deported Armenians in the deserts of northern Arabia and the lower Euphrates valley were made public by the American committee for Armenian and Syrian relief tonight. The dispatch, says the committee, was received through "high diplomatic authority in Turkey, not American, reporting the testimony of trustworthy witnesses over wide areas" in the regions mentioned.

According to the dispatches witnesses have seen famished Armenians "eating grass, herbs and locusts; and, in desperate cases, animals found dead and human bodies are reported to have been eaten."

The dispatch continues: "Naturally the death rate from starvation and sickness is very high and increased by the brutal treatment."

"The misery and hopelessness of the situation are such that many are reported to resort to suicide. An illustration of the methods employed, reported to be made of the gathering of a group of one hundred children whom they placed in care of an educated young widow from—

"Two weeks later these children were deported and four survivors found further down the caravan route. It was learned that the rest had perished. The house mother, crazed by this treatment of her charges, was among the deported who were moving on. Boat loads seen from—

down the river arrived at—

miles away, with three-fifths of the passengers missing. These appeared in a steady policy to exterminate these people, but to deny charges of massacre. Their destruction from so-called natural causes seems decided upon."

ACTRESS WHO WEDDED YOUNG MONEY KING

Did you get that cream you asked for?
"No, but the pretty waitress gave me a tip on the order."

"I'm 'I'll ask for butter. Maybe I'll get a pat."

San Benito, Texas, Aug. 8.—Clay Shaw, Altus, private in 1 company, Stillwater, is ill with measles and the entire Oklahoma camp was quarantined an hour and a half before the regiment was paid off today. No one is allowed to go in or out of camp. Colonel Bullard's order says that the case was allowed to roam at will along camp streets for several days and that there is great danger of contagion. Shaw has been taken to isolation camp.

O. N. G. BOYS FIGHT MEASLES THE ENEMY

One Case Breaks Out in Camp and
Whole Regiment Is Placed
Under Quarantine.

SAN BENITO, Texas, Aug. 8.—Clay Shaw, Altus, private in 1 company, Stillwater, is ill with measles and the entire Oklahoma camp was quarantined an hour and a half before the regiment was paid off today. No one is allowed to go in or out of camp. Colonel Bullard's order says that the case was allowed to roam at will along camp streets for several days and that there is great danger of contagion. Shaw has been taken to isolation camp.

SMALL SALARIES IN JAPAN. Men in the Learned Professions Poor.

In Paid.

Doctor Tsukata, minister of education, has recently published a popular book on dietetics, explaining the food values—proteins, hydro-carbons, etc.—in various articles of general consumption, showing where and how the highest nutrition may be obtained at the lowest cost. Food and clothing are cheap in Tokyo and rents relatively high. In view of the low native salaries, says the East and West News, the necessity for the greatest economy in expenditure is visible, and the pinch comes hardest in the middle rather than poorer classes, for the former must not only live, but often keep up a respectable appearance on salaries no greater than the men who work at trades.

A primary school teacher earns \$15.50 a month, but his lowest budget for four in family reaches \$17.25, and

the marriage of Beatrice Allen, actress and prize beauty to John A. Hoagland, son of Joseph C. Hoagland, now dead, a pioneer baking powder manufacturer, who left him a fortune estimated at \$2,000,000, was announced today. The ceremony was performed last evening by Rev. Paul Whitney of the Methodist Episcopal church at Greenwich, Conn. They had been engaged two years. As Miss Mary Matthews, Mrs. Hoagland's first came to New York from Texas. Her comeliness soon landed her in a musical production and from the ranks she ascended to stardom. She played with Joseph Stanley in "When Dreams Come True." Recently she won a beauty contest in the theatrical district. Yesterday was Mr. Hoagland's second matrimonial experiment. In London, on October 1, 1904, he wed Miss Grace Weir of Hartford, Conn. She obtained a divorce in 1910, whereupon Mr. Hoagland's bachelor apartment became famed as the most lecherous in New York. He purchased many rare works of French art and became known as an authority on the modern school.

Chicago Professor Wants Co-Eds to
Disband Skirts for Field Work.

Co-eds at the University of Chicago will wear boys' khaki trousers if the suggestion of Henry C. Cowles, associate professor of the botany department, is followed. Keep your skirts, gentlemen! The innovation will not take place on the campus, but in the fields of Wisconsin and Minnesota, where Doctor Cowles will conduct a research class in botany.

On account of the rough nature of the field work in the Lake Superior region, says a circular of Professor Cowles, "the women are earnestly urged to be ready to discard skirts on the more difficult trips. Ready-made boys' khaki trousers are cheap and satisfactory."—Chicago Herald.

Not to Be Beaten.
A Highlander who prided himself on being able to play any tune on the pipes perched himself on the side of one of his native hills on Sunday morning and commenced blowing for all he was worth.

Drink
Coca-Cola

and as you lift the glass to your lips reflect that three million or more glasses of this wonderful beverage are consumed each day—making it indeed the great National drink.

MEXICAN SNIPERS ACTIVE ON BORDER

From Fifteen to Twenty Shots Are
Heard As Unknowns Fire at
American Outposts.

EL PASO, TEXAS, Aug. 8.—From 15 to 20 "shots" were fired tonight on the Mexican side of the border which seemed to be aimed at an American outpost just outside the limits of El Paso, according to a report made to military headquarters by Lieut. H. G. Lewis, commanding the provost guard.

Officers are now investigating also a statement by a woman living in that neighborhood that late this afternoon she saw two men, obviously American soldiers, cross into a small piece of Mexican territory lying north of the river.

Mexican military authorities disclaim any knowledge of the incident. About two hours after the firing outposts stationed a mile further down the river sent in word that they had just heard five shots on the Mexican side, but could not say whether they were aimed at the American side.

A still report of rifle shots on Mexican territory came from American patrols, this time west instead of east of El Paso. Seven shots were heard. Although the officers at the Juarez headquarters professed to know nothing of the firing, General Gonzales had said today that he was sending out men to take several deserters from the Texas band, said to be returning about to Juarez with a view to surrendering.

THE DEPTHS OF THE OCEAN. Profound Regions Near Japan and Philippines.

The deepest regions of the ocean are commonly close to the shore, and are believed to have been caused by the crumpling inward of the earth's crust, due to the pressure of the near land. Such is the "Tuscarora deep," a long, narrow trough which extends northward from Japan along the coast of Asia, its bottom being more than 27,000 feet below the surface of the sea and 12,000 feet below the general level of the ocean's floor. An even more profound abyss is the Aldrich deep, close to the Tongan and Kermadec islands, which sinks to a depth of 30,250 feet.

The greatest yet found, however, is the Swire deep, off Mindanao, of the Philippines, this being 32,033 feet, or 3,945 feet deeper than Mount Everest of the Himalayas is high. However, one gains an idea of the rarity of such abyssal regions from the fact that of the 3,750 soundings that have been made and reported in water over 1,000 fathoms in depth, only seventeen were greater than 4,000 and only three exceed 5,000 fathoms in depth. The greatest recorded depth of the ocean is only 409 feet more than six miles.—Scientific American.

URGED TO WEAR TROUSERS. Chicago Professor Wants Co-Eds to Disband Skirts for Field Work.

Co-eds at the University of Chicago will wear boys' khaki trousers if the suggestion of Henry C. Cowles, associate professor of the botany department, is followed. Keep your skirts, gentlemen! The innovation will not take place on the campus, but in the fields of Wisconsin and Minnesota, where Doctor Cowles will conduct a research class in botany.

On account of the rough nature of the field work in the Lake Superior region, says a circular of Professor Cowles, "the women are earnestly urged to be ready to discard skirts on the more difficult trips. Ready-made boys' khaki trousers are cheap and satisfactory."—Chicago Herald.

Not to Be Beaten.
A Highlander who prided himself on being able to play any tune on the pipes perched himself on the side of one of his native hills on Sunday morning and commenced blowing for all he was worth.

Presently the minister came along and, going up to MacDougall with the

intention of severely reprimanding him, asked in a very harsh voice, "MacDougall, do you know the ten commandments?"

MacDougall scratched his chin for a moment, and then, in an equally harsh voice said:

"Dye think you've beat me? Just whistle the first three or four bars, and I'll have a try at it."

Why Suffer From Migraine or Sick Headache?

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two anti-kamnia tablets when the first symptoms appear, and one anti-kamnia tablet every two hours during the attack shortens it, eases the pain and brings rest and quiet. Anti-kamnia tablets may be obtained at all druggists. Ask for A-K Tablets. They quickly relieve all pain.

FLOWERS KILLED A CHILD. Girl, 8 Years Old, Ate Dog Daisies and Convulsions Followed.

Dog daisies caused the death of Sarah May Carter, the 8-year-old daughter of a dock laborer, at Pelham Road, East Ham, it was stated at the inquest.

After the mother had described the child's death, Dr. C. O'Sullivan said he had examined some flowers, some of which, it was said, the child had eaten. They belonged to one of sixteen varieties of daisies commonly called "dog daisies," which, though not poisonous, might set up inflammation of the stomach, causing convulsions which brought about the child's death.

A verdict in accordance with the medical evidence was returned.—London Globe.

Poor Picking. "What's the matter?" asked the first fella. "You look starved."

"They are making these toy dogs so natural," explained the other fella, "that I arranged to summer on one by mistake."

The Same Way. It was an awkward question for a doctor to put to a soldier.

"Colonel," he said, "how do you feel when you kill anybody?"

"Oh, pretty well," said the colonel. "How do you?"

"Oh, pretty well," said the colonel. "How do you?"

"Oh, pretty well," said the colonel. "How do you?"

"Oh, pretty well," said the colonel. "How do you?"

"Oh, pretty well," said the colonel. "How do you?"

"Oh, pretty well," said the colonel. "How do you?"
